

Front-End Developer

Description

We are seeking a talented **Front-End Developer** to build modern, responsive, and user-friendly web applications. The ideal candidate has strong expertise in front-end technologies and a passion for creating seamless digital experiences.

You will collaborate with designers, backend developers, and product teams to develop high-quality interfaces that deliver excellent performance and usability.

Responsibilities

- Develop responsive web applications using modern front-end technologies.
- Convert UI/UX designs into clean, high-quality code.
- Build reusable components and scalable front-end architectures.
- Integrate front-end applications with REST APIs.
- Optimize applications for speed, performance, and cross-browser compatibility.
- Debug issues and improve user experience.
- Participate in code reviews and follow development best practices.

Qualifications

- Bachelor's degree in Computer Science or equivalent practical experience.
- **2–5+ years** of front-end development experience.
- Strong knowledge of:
 - **HTML5, CSS3, JavaScript (ES6+)**
 - Frameworks such as **React, Angular, or Vue**
- Experience working with REST APIs and JSON data.
- Familiarity with Git and version control workflows.
- Understanding of responsive and mobile-first design principles.
- Experience with **TypeScript** or **Next.js**.
- Knowledge of frontend performance optimization techniques.
- Familiarity with CI/CD pipelines.
- Experience working in Agile/Scrum environments.
- Basic understanding of UI/UX principles.
-

Job Benefits

- ☑ Competitive salary + performance bonuses
- ☑ 100% Remote work flexibility
- ☑ Flexible working hours
- ☑ Paid time off & holidays
- ☑ Career growth opportunities
- ☑ Collaborative and innovative team culture

Contacts

Submit your **Resume + Short Cover Letter** highlighting your frontend projects and technical experience.
